

## Over The Counter Betting Rules

It is the customer's responsibility to make themselves aware of the Asper Sports Betting Rules.

It is the customer's responsibility to ensure that bets are written clearly and that spelling, timing, instructions and staking are correct and cannot be misconstrued.

Customers should write their own instructions but should a member of staff undertake to do so, to meet a customer's convenience, the onus of responsibility for seeing that such instructions are written clearly and correctly shall be on the customer and the customer shall not have any claim against Aspers in the event of such instructions being incorrect.

It is the customer's responsibility to ensure that bets are placed on time and the market is not closed for betting.

It is the customer's responsibility to ensure that there is no rule of a Sport Governing Body or a term of their contract of employment prohibiting them from placing a particular bet. If such a bet is taken, this bet will be void.

Customers should check receipts to verify their bet and that the amount paid has been correctly recorded by the Aspers Sports Betting EPOS system.

Aspers cannot allow for mistakes, nor accept responsibility for any errors or omissions in respect of the announcing, publishing or marking of prices, handicap values, point values, runners, times, scores or results, despite every effort to ensure their accuracy.

Aspers reserves the right to correct any obvious errors.

Receipts must be retained by the customer until all bets on the slip can be fully settled. Returns will be paid to customers on surrender of their receipt. We do not guarantee payment of returns from any bet later than six months after the time the final result affecting settlement of the bet was known. It is the Customer's responsibility to keep their slip relating to each bet. In the event that a Customer is no longer in possession of their slip relating to any bet, Aspers will be under no obligation to make a pay-out to the Customer relating to the specific bet.

Should any customer have a concern over a bet, claim or dispute, please consult the Sports Betting Duty Manager in the first instance. The Sports Betting Duty Manager will make every effort to resolve your query.

However, if you are not entirely satisfied or believe you have been treated unfairly please contact our General Manager for the Casino. If you still remain dissatisfied with the outcome, you may write to the Head of Regulatory Compliance & Safer Gambling at Aspers Casino Stratford, Westfield Stratford City, 312 Montfichet Rd, London, E20 1ET or via email [complaintsesc@aspers.co.uk](mailto:complaintsesc@aspers.co.uk); who will independently investigate the matter. We ensure that your query is investigated within 14 days.

If you remain dissatisfied with the final outcome of the investigation, you can then ask IBAS (The Independent Betting Adjudication Service) to investigate your dispute. To raise your dispute with IBAS you will need to request a unique 'deadlock' reference number from Head of Regulatory Compliance.

IBAS can be contacted on 00 44 207 347 5883, at the following address: Independent Betting Adjudication Service, PO Box 62639, London, EC3P 3AS or through their website [www.ibas-uk.com](http://www.ibas-uk.com). Once the full facts of the case have been submitted by both sides, IBAS will give a decision which is final.

## **ACCEPTANCE OF BETS**

Bets are placed by writing instructions on a betting slip or completing a Quickslip or coupon. A Quickslip or coupon is similar to the marksense slip used by the National Lottery and requires you to indicate your stake, selections and bet type by making a black mark in the appropriate rectangular boxes. You must then hand the slip, together with the full stake, to a member of staff who will process your bet by scanning it through our EPOS system. You will receive a printed receipt which has a unique bet number and shows a photo image of your bet (or printed details of your bet in case of Quickslip or where a 'call over' facility is available).

The bet number and image or printed bet details must be registered on our EPOS system and be printed on your receipt for the bet to be valid.

No bet is accepted until we have provided you with a valid receipt that the bet has been accepted by us.

We reserve the right to refuse to accept the whole, or any part of any bet.

We reserve the right to void any accepted bets and withhold settlement if we have reason to believe:

- a) You are under 18 years of age
- b) You are involved in fraud, money laundering, collusion, match rigging or cheating of any kind
- c) A bet may breach the governing rules of the relevant sport or event in question or jeopardise the integrity of the sport or event in question
- d) A bet is mistakenly accepted for an event that has already occurred or there is a clear indication of the likely outcome

There may be other instances where we may void a bet and these instances are detailed under the specific sport/event included in the General Betting Rules.

We also reserve the right to void a bet if required to do so by the Gambling Commission.

We reserve the right to void any bet accepted by us and withhold settlement if we become aware that the bet breaches the governing rules of the relevant sport or event in question.

Where we have taken steps to void a bet for one of the above reasons, your actions leading to that shall be considered a breach of our Terms and Conditions and entitle us to terminate our relationship with immediate effect. In such circumstances we may use the monies we hold as winnings on any bets placed by you with us in order to settle any liabilities we may incur as a result of your actions.

In the event of any difference between the original slip presented by the customer and the customer receipt, the selections as they appear on the receipt as captured by our EPoS system will determine settlement. It is the responsibility of the customer to check the receipt carefully as mistakes cannot be rectified after the event.

It is your responsibility to ensure your bets are written clearly and also that your timing, instructions, spelling and stakes are correct. You should check your receipt to verify that the amount you have paid and your bet details have been correctly recorded. Bets can only be cancelled or changed by mutual consent. You must retain your receipt until all bets on your slip can be fully settled, when any returns due will be paid upon the surrender of your receipt.

Bets cannot be changed or cancelled if a price has been taken on a selection.

### **Time of acceptance**

- a) We produce an automated "no more bets time" for all horse, greyhound and number events covered in full service. Bets are valid if accepted up to this time. Except where prior authorisation is given, single bets accepted after the "no more bets time" will be void. In multiple bets, late selections will be treated as non-runners.
- b) Where the official "off" of a race or event is not announced, bets are accepted up to the advertised start time. Any bet that is inadvertently accepted after this time will be void unless we are satisfied that the bet was placed before the actual start of the event, except in the following circumstances (where betting in play is not available) : on golf tournament betting up to 15 minutes after the start time; a football match up to 5 minutes after the kick-off, providing there have been no goals scored or players sent off and any of the following sport events up to 5 minutes after the start time:- American Football, Baseball, Basketball, Bowls, Cricket, Cycling, Darts, Gaelic Football / Hurling, Ice Hockey, Motor Sports, Rugby, Snooker / Pool, Speedway, Tennis. In each of these instances bets will stand, unless the customer receipt confirms that the late selection is void.
- c) Any bet inadvertently accepted after an event has been resolved will be void.
- d) Any bet accepted in error and contrary to these provisions relating to the time of acceptance, will be void even if you have been provided with a valid printed receipt.
- e) We reserve the right to refuse payment on any bet where we are unable to substantiate the selections and the instructions on our EPoS system.

- f) We do not accept any responsibility for a bet not being placed for any reason, including but not limited to; computer or till malfunction, electricity failure, failure of telecommunications systems or services.

Betting, by its very nature, a fast moving environment. Odds move rapidly and bets are taken continuously, consequently mistakes can occur. We will do all that we can to avoid this but we cannot accept responsibility for any obvious errors or omissions in respect of the announcing, publishing or marking of prices, handicaps, place terms, runners or results despite our every effort to ensure total accuracy.

If we do make an obvious error then the following rules will apply:

- a) We reserve the right to correct any obvious error made on a bet placed in one of our "betting in running" markets and settle at the correct price or terms which were actually available with us (absent the obvious error) at the time the bet was struck;
- b) When a bet is placed on a market offered before an event has started and more advantageous odds than those actually available with us are applied, we will either settle the bet at the correct price or terms available with us or, on condition that you can provide us with verification, at the best price or on the best terms genuinely available with any of the following companies at the time the bet was struck: - Bet 365, Betfred, Coral, Ladbrokes, and William Hill.
- c) Where the incorrect odds or terms are less advantageous than those available with us the odds or terms will be amended to the correct odds or terms available.

If a bet is accepted in error by us at a price or market condition, as indicated above, that is:

- a) Materially different from those available in the general market at the time the bet was made; or
- b) So obviously incorrect given the relative probability of the event occurring at the time the bet was made; or
- c) So obviously incorrect having regard to the nature of the betting business, then we will not pay winnings higher than those that would be paid under the price available in the general market and we will either settle the bet at the correct price or on terms available with us or, on condition that you can provide us with verification, at the best price or on the best terms genuinely available with any of the following companies at the time the bet was struck; Bet 365, Betfred, Coral, Ladbrokes and William Hill.

For example: Where our actual price for a player to score the first goal is 13/2 but you are quoted 13/1 in error then you will be able to determine whether your bet should be settled at 13/2 or the best price available with the companies listed above even if this price is higher than the actual price we quoted.

Where, however, you have been quoted 7/2 on the same bet the price will be amended upwards to the correct price of 11/2.

Bets are settled in accordance with the rules that govern the particular bet made.

If a bet is inadvertently accepted with any prices not written by or endorsed by our staff, the prices will stand provided they are clearly written and were available at the time the bet was processed. Where no price is available at the time the bet is placed, we reserve the right to settle horse and greyhound bets at starting price and sports/special event bets at the next available price. We do not lay 'BAR' prices nor do we accept instructions such as 'First show' prior to the transmission of a 'show' of betting for that race – any such bets taken in error will be settled at starting price.

The advertised times of races, the runners, returns and results as published in the national/sporting press will govern settlement of all bets, errors and omissions excepted. 'Through the Card' type instructions are determined by reference to the published race programme, as are the instructions 'First Race', 'Last Race', etc.

Bets placed on horse racing will be settled in accordance with the official Weighed In Result. Where a result is amended after the Weigh In, for example, further to a successful appeal, the amendment will be ignored for settlement purposes.

Each-way doubles, trebles and accumulators are settled win-to-win and place-to-place, unless the instruction 'each-way all each-way' or 'each-way equally divided' is clearly specified on the betting slip by the Customer, then the bet (unless it is one of our speciality bets) is settled by this method.

In accumulative wagers where bet contingencies are related or where the same selection is taken to win more than one event, a combined price that reflects the relativity will be applied for settlement, regardless of any individual prices marked on the betting slip. In instances where a combined price cannot be applied the bet will be settled as singles dividing the total stake available proportionately amongst the selections.

For example: England to win the match & a named player to score a hat-trick. If no combined price is quoted then the bet will be settled as two half stake singles.

In the event of a dead heat for first place, the stake money on a winning selection is divided by the number of winners in the dead heat, and the full odds paid to the reduced stake, with the remainder of the stake money being lost.

A similar rule applies to the place part of a bet where, as a result of a dead heat, more than the required number of selections are placed.

The Aspers Sports Betting EPOS system is in use, the process for accepting bets involves the bets being processed through the scanner and a receipt printed with a unique bet number and image of the bet (or bet details in the case of mark-sense slips) recorded on it. Our staff having completed these two stages and received the bet stake will hand the receipt to the customer. In the event that all of these stages do not occur the bet has not been accepted by Aspers. Accordingly, any subsequent claim for payment will be refused.

All stakes must be paid in cash at the time a bet is accepted, except where the customer pays using a Debit Card, Aspers Casino Cash Chip, or Aspers Free Bet Voucher.

Aspers does not accept Credit Cards payments for placing bets.

When paying using a Debit Card, the payment must be confirmed before the bet will be accepted. Customers should ensure they present their card at the counter well in advance of the start time of the event to allow ample time to process the card.

Aspers Free Bet Vouchers are accepted in accordance with the terms and conditions outlined on the voucher.

All bets are settled strictly on their merits and no plea of precedence will be accepted.

Aspers may also accept bets on Self Service Betting Terminals. The rules governing bets placed on these terminals may differ from standard Aspers Betting Rules. Full details of the rules governing bets placed on terminals are available on the terminals.

Aspers may also accept bets on behalf of Tote UK and/or Tote Ireland (i.e. Totalisator bets). Any bets accepted are subject to the rules of those organizations. All other references to 'Tote' bets in these rules refer to bets that are struck with Aspers but settled at Tote returns.

#### Under and Over Staking

Where insufficient cash is paid to cover the bet placed, settlement is made in accordance with the stake as recorded on the receipt as follows:

Where insufficient stakes are invested, the total stake will be apportioned over the whole slip. With various bets on one slip, the slip will be settled in proportion. In other words, the total return will be calculated from your slip as written, then multiplied by the actual cash paid and divided by the amount you should have paid.

Where there is over staking, the excess stake money will be invested in proportion over the whole slip. If your slip shows fewer than the correct number of bets the bet return is calculated in proportion. We multiply what should have been the full return by the stake actually paid. This is then divided by the amount you should have paid. If your slip shows more than the correct number of bets, it is settled to the correct number at the stake unit you request, with the excess cash invested in proportion over the whole bet.

#### Self-Service Betting Terminals

The prices offered on the terminal may differ from the prices available elsewhere in the shop. All bets placed on an SSBT will be settled at the odds offered on the terminal at the time the bet is struck. The only exceptions being where there is an option to place a bet at the Starting Price on a horse or greyhound race, or where an obvious error has occurred in which case the correct odds will be applied to the bet.

Prices offered on live betting are not guaranteed to be available through an event.

The maximum amount that can be won by any customer on a single day is £500,000

Accumulator/Multiple bets are not accepted where the outcome of one part of the bet contributes to the outcome of another. If taken in error, the stake will be divided between the related elements of the bet.

Clients must register their bet requests as individuals. Where repeat bets containing the same selections are placed by an individual customer or group/syndicate of customers acting together we reserve the right to limit the total amount of those bets combined to a single maximum pay out.

Customers agree to any third party terms and conditions when placing a bet on an SSBT, such T&Cs which will be available on the terminal itself.

## 1. Pricing

All prices are subject to change and may, on occasion, be restricted to certain stake levels. The prices offered via our different business channels may vary. Prices on all selections change regularly to reflect fluctuations in the market or changes in the events themselves, such as a goal being scored. Changes to the odds do not have any bearing upon bets that have already been placed and confirmed.

Prices offered on live betting are not guaranteed to be available through an event and a user placing a bet on an in-play event accepts further in play bets on the event may not be available.

## 2. Maximum Winnings

A betting slip is accepted on the basis that it is the investment of one customer only. The maximum amounts that can be won (excluding stake) by any customer in one days betting regardless of stake on any bet or bets involving one or more of the same selections are shown below. These maximum amounts will apply even if, by taking a price, the level of potential winnings exceeds these amounts.

Where selections are taken from different categories listed below and are combined in multiple or accumulative bets, the lowest maximum payout limit will apply.

Where bets have been placed on different days the maximum amount which can be won in one days betting is determined by the day on which the final event on each slip is resolved rather than the day on which each individual bet is placed.

Any group of customers who have placed the same combination of selections and we believe have been acting as a syndicate will be treated as one customer for the purpose of the limits below.

Should a number of bets, containing the same selection(s) be placed in one or more of our branches and we have reason to believe that they have originated from one customer or group/syndicate of customers, then

There is no restriction on staking but a maximum payout of £100,000 will be made to any one client in respect of bets placed on any one days business, unless otherwise stated

## 3. Abandoned/Postponed events

Unless otherwise specified in the rules for a specific sport, all bets on abandoned or postponed matches will be void, unless the match is re-scheduled and played within the next 24 hours. In this case, bets will stand. All markets which have been decided at the time of interruption or abandonment will be settled according to the result at time of interruption or abandonment.

Interrupted or postponed matches, which do take place within a tournament, the bets will stand provided the match is completed before the end of the competition.

## 4. Venue Changes

If a venue is changed, bets on that match will stand unless fixtures are reversed, in which case wagers are deemed void. If a match is played at a neutral pitch or multiple teams have a ground share, bets will stand. Specific sports rules can indicate otherwise.

## 5. Errors

makes every effort to ensure that bets are accepted without errors. However, if as a result of human error or system problems a bet is accepted at a price (which includes the odds, handicap provisions, and other terms and conditions or details of the bet) that is materially different from those available in the general market at the time the bet was made then reserves the right to void all affected selections. Bets placed and accepted in good time may not be revoked or changed. It is therefore the user's sole responsibility to ensure that all of the details of his/her bets are correct.

## 6. Related Contingencies

Accumulator/Multiple bets are not accepted where the outcome of one part of the bet contributes to the outcome of another. Any such bets that are accepted in error will have the stake split equally between the selections for settling purposes.

If the related selections have different settlement dates, the stake will be split again between the selections (e.g. Driver to win the British Grand Prix and the same Driver to win the Championship)."

## 7. Late Bets

Bets can only be placed on the outcome of future events. If an outcome is already known and not reflected in the odds, bets on these markets are void (e.g. a First Goalscorer bet is accepted after the first goal is scored"). If the bet is placed after the beginning of the betting event or the stake was not paid in time, the bet is void (this does not include in-play betting).

## 8. Settlement

For settlement purposes the initial official result, published by the official governing body immediately after the match/event is finished, will be considered final, following an event's closure. Unless a specific sport's rules state otherwise this rule will apply to all events.

- Any subsequent change to results, whether due to disciplinary hearings or otherwise, will be disregarded;
- If the official result of a sporting event is not available, the result will be determined at the sole discretion of with reference to all accessible evidence.

Aspers reserves the right to apply a dead heat reduction on any event where more winners are declared than were originally specified. Dead heat rules apply to any market where more winners are declared than originally specified.

## Horseracing

All bets placed on UK and Irish horse racing will be settled on First Past the Post and the official result. This offer applies to winning single and multiple bets and the win part of each-way bets.

The exceptions where First Past the Post does not apply and bets are only settled according to the official result are;

- a) A selection takes the wrong course
- b) A selection carrying the wrong weight or the jockey failing to weigh-in
- c) Any Ante Post bet
- d) A Forecast or Tricast bet
- e) A void race
- f) Any Tote/Pari-Mutuel bet
- g) A selection given as the winner in error by the judge
- h) A bet placed on a two-runner race or a special match bet
- i) A bet placed in a "without the favourite" market
- j) Any other special market

Bets placed on non-UK/Irish meetings are settled on the official result declared by the racecourse judge and confirmed by the 'Weigh-In' announcement. If a winner is disqualified after the official result is announced, the disqualification will not affect the settlement of bets.

### **Greyhounds**

Bets placed on Greyhound racing are settled on the official result announced at the conclusion of the event. If a winner is disqualified after the official result is announced, the disqualification will not affect the settlement of bets.

### **Football and other sports**

Bets placed on football and other sports are settled on the official result published by the Press Association (PA) immediately after the match/event is finished. If the PA amends its decision afterwards all bets will stand on their originally announced result. If the result is not immediately available from the PA, the result published by the official governing body immediately after the match/event is finished will be used for settling purposes. Any subsequent corrections or amendments will not apply for settlement purposes.

Where a full season of fixtures is not completed for any reason then bets on the outcome of the competition, league or tournament will be settled on the official result announced by the governing body.

## **9. Live Score Data**

Please be aware that data such as current scores, match duration and time elapsed that is displayed on the terminals is sourced from a 'live feed' provided by a third party and may be subject to delay and/or be inaccurate. Any customer relying on this data to place bets, does so entirely at their own risk and accept no responsibility for any loss (direct or indirect) suffered as a result of live score data.

## 10. Collusion

Clients must register their bet requests as individuals. Repeated requests containing the same selections may be subsequently deemed void. Bet selections may be deemed void if the believes that clients are acting in collusion or as a syndicate or the bets in question have been placed by one or more clients within a short period of time.

## 11. Rigging

In the event that the company suspects any event manipulation it withholds the right, in its absolute discretion, to:

- suspend the offering of any event or series of events in any of its markets; and
- delay and/or withhold payment on any event or series of events in any of its markets, until the integrity of such event or series of events has been confirmed by the relevant sports federation.

Further, in the case of active event manipulation being confirmed as having taken place on any event or series of events by the appropriate sports governing bodies, the company withholds the right, in its absolute discretion, to suspend any bets placed on such events, either by any individual identified as having possessed insider betting knowledge or information or by any other individual who in the reasonable opinion of the company is connected to, acting in conjunction with or in any way involved with such individual.

## 12. Ineligible Bettors

Bets on events in which the bettor is participating ("participating" includes persons involved as a sports person, athlete, as an owner, trainer or functionary of a participating club) or those which are commissioned by any person participating, are not permitted. In addition, bets on league, cup or other events in which the respective club/organisation is participating may not be placed or commissioned by those persons considered to be participating in the respective event. In the case of violation of these regulations, the company reserves the right to refuse payment of any winnings and invested stakes as well as to cancel any bets. The company takes no responsibility for knowing if the user is a participant as described above. Accordingly is entitled to reclaim monies at any time using any necessary measures after an ineligible bettor or connected parties become known to and to report such business to the relevant sports authorities.

## 13. Each Way (E/W)

Bets are acceptable win or each-way. Where we are not offering special each-way terms on a race the place part of an each-way bet at Starting Price or displayed price is settled in the following manner:

### Horses

In handicap races of 16 or more runners we pay one quarter of the win odds for first, second, third and fourth places.

In handicap races of 12-15 runners we pay one quarter of the win odds for first, second and third places.

In all other races of 8 or more runners we pay one fifth of the win odds for first, second and third places.

In races of 5, 6 or 7 runners we pay one quarter of the win odds for first and second places.  
In races of less than five runners the place money goes on to win.

### **Greyhounds**

In races of 8 or more runners we pay one fifth of the win odds for first, second and third places.  
In races of 5, 6 or 7 runners we pay one quarter of the win odds for first and second places.  
In races of less than five runners the place money goes on to win.

### **Special Offers**

From time to time we may offer special each-way terms on individual races. When this occurs we reserve the right to alter the standard place terms detailed above (e.g. we may offer to pay out five places in a handicap with 16 or more runners but change the place terms to pay one fifth of the win odds rather than one quarter). Customers should check the place terms of a race whenever the number of places paid changes, particularly when we offer additional places.

Where there are an insufficient number of finishers for the placed terms advertised only those runners officially placed will be treated as successful selections and bets on all non-finishers will be lost.

Other than where Place Only betting is available, where a place stake is in excess of the amount staked to win, the difference will be equally apportioned win and place to the selection(s).

If you place an each-way bet on a race or event that is 'win only', the total stake will be invested for a win.

For events other than horse and greyhound racing on which bets are accepted, settlement will be based on the odds and place terms advertised and applicable at the time the bet was taken.

'Place Only' bets are not acceptable, except when advertised on specific races, in certain speciality bets and at Tote odds when placed through Tote Direct. When special place only betting is returned for a race this will rule settlement of all place only bets on the race.

## **14. Favourites**

Starting price bets will be accepted, win only, on absolute, first and second favourites, in both horse and greyhound racing. If each-way is taken in error the place part of any such bet will be void win or lose.

The favourite is the horse/greyhound quoted in the official starting price returns at the shortest odds, and the second favourite is the horse quoted at the next shortest odds. If two horses are quoted at the same odds, and those odds are shorter than those quoted for any others, then those two are equal first favourite and equal second favourite. If two or more co-favourites are thus selected, the client's stake will be divided equally between or among them.

However, if such joint favourites are returned at a price whereby irrespective of result, no profit could accrue to a backer of the favourite, the un-named favourite will be treated as a non-runner. This section and the one preceding will apply equally to greyhound racing.

When a returned favourite does not come under starter's orders and is withdrawn, then that un-named favourite will be treated as a non-runner. The only exception to this is in speciality bets, such as The Place 6-5 etc. where, if the favourite is withdrawn it is replaced by the next smallest priced horse.

Any un-named favourite inadvertently taken where a screen/board price has been given will be settled at starting price.

## **Individual Sports Rules**

### **15. American Football**

#### **15.1. General Rules**

All sports, including those played in North America, are listed as Home Team vs. Away Team.

##### *15.1.1. Settlement*

Unless specified otherwise, all markets are settled after overtime.

##### *15.1.2. Abandoned/Postponed Information*

All bets on abandoned or postponed matches will be void, unless the match is re-scheduled and played within the next 24 hours. In this case, bets will stand. All markets which have been decided at the time of interruption or abandonment will be settled according to the result at time of interruption or abandonment. E.g. all bets on Total Points where the value (e.g. 34.5) has already been reached will be settled. All bets on markets with undecided results will be void.

#### **15.2. Money Line**

Select the winner of the game. If the Result is a draw at the end of overtime, bets will be void.

Possible selections: Home Team, Away Team.

Possible selections for 3-Way: Home Team, Draw, Away Team.

## **20. Baseball**

### **20.1. General Rules**

All sports, including those played in North America, are listed as Home Team vs. Away Team.

1. All matches must start on the scheduled date (always at the local time) for the bets to be valid. If a match is suspended or rescheduled before the scheduled start time, all bets will be void.

2. Baseball other than MLB (including minor baseball leagues): All bets (including specific pitcher) will be valid regardless of who is the pitcher of each team. The rule of 8½ innings will apply although in the case of the

decision to apply the 'Mercy rule', all bets will be settled based on the score at that time. The 6½ innings rule will apply to all 7 innings games played.

3. In the '2-way' markets, the Push rules will apply unless specified otherwise. The amount wagered on single bets will be returned, while on multiple / combined bets (parlays), the selection will be considered as 'Void'.

#### 20.1.1. *MLB Bets*

4. It is the client's responsibility to be aware of any pitching changes.

5. Money Line (Action): Team against team, regardless of the pitcher who starts the game. For betting purposes, the pitcher who makes the first throw is considered as the starting pitcher. When placing bets, pitchers can be specified.

6. A designated pitcher: A bet is made for or against a specified pitcher to be the starting pitcher of one of the teams, regardless of who is the starting pitcher of the opposing team. The listed pitcher must start the game, otherwise the bet will be void.

7. Both Listed Pitchers must start: A bet that specifies both pitchers start. If any change occurs, the bet will be void.

8. In the event of a change in one of the initial pitchers before the start of the match, the bets may be adjusted to totals and the handicap.

9. Double change of pitchers: When changing a pitcher that appears in the list and is put back for the determination of bets, these will be considered as a normal change of the pitcher.

#### 20.1.2. *Way to deal with pitcher changes*

10. When the bets are placed in Money Line Action, 5 Innings Money Line and there is a change of starting pitcher, the bets will remain active and bets for total races (over / under), Team totals (over / under), run line (handicap) and alternative run line (alternative handicap) will be considered void.

11. A pitcher is considered official after making the first pitch.

12. For any MLB play-off suspended event, which is completed within 72 hours, all bets will stand and will be determined after the game is completed. If the match is not completed within 72 hours of the suspension, all bets will be void, unless the result has already been determined.

13. If the game venue changes, bets will remain valid as the home team stands as the host. If the home or away team change, bets based on the original event will be void.

#### 20.1.3. *Rule of the four and a half innings (4½ innings rule)*

14. Money Line - There must be at least 5 full innings of play unless the team batting second is leading after 4½ innings, for bets to stand. If the game is called, or suspended, after this point of the game is reached, then the winner is determined by the score after the last full inning (unless the team batting second scores to tie, or takes the lead in the bottom half of the inning, in which case the winner is determined by the score at the time the game is called). Please note that suspended games do not carry over (with the exception of MLB play-off

games - see specific rule). However, in the event of a Mercy Rule being called, all bets will stand on the score at the time.

20.1.4. *Rule of six and a half innings (6½ innings rule)*

15. Total and Run Line betting (for 7 innings games) - The game must go at least 7 full innings (or 6½ innings if the team batting second is ahead) for bets to be valid. However, in the event of a Mercy Rule being called, all bets will stand on the score at the time. Please note that suspended games do not carry over.

20.1.5. *Rule of eight and a half innings (8½ innings rule)*

16. Total and Run Line betting - The game must go at least 9 full innings (or 8½ innings if the team batting second is ahead) for bets to be valid. However, in the event of a Mercy Rule being called, all bets will stand on the score at the time. Please note that suspended games do not carry over (with the exception of MLB play-off games - see specific rule).

20.1.6. *Betting before the start of the game*

17. All bets on the match include extra innings, unless otherwise specified.

18. If the 'Mercy rule' is applied, all bets will be determined based on the current score.

19. Bet on 'Money line': It will depend on the rule of the 4½ innings.

20. 'Handicap', 'Handicap - 3 Options' and 'Handicap - Alternative': Will depend on the rule of 8½ innings.

21. Game Total, Team Totals, 3-Way Totals and Alternative Game Totals - Subject to 8 ½ innings rule except where the total has already gone over, (if total has already gone over the quoted total, then bets on the over will be settled as winners, with bets on the under settled as losers) or where the natural conclusion of the game would have meant the outcome of the total quoted would be determined, e.g. MLB game is called, or suspended at 5-5, bets on Game Totals of Over 10 or 10.5 would be settled as winners, with bets on Under 10 or 10.5 being settled as losers, since any natural conclusion to the match would have at least 11 runs. Specifically for MLB Spring Training matches settlement will be based on 9 innings only, in instances when the natural conclusion rule could apply.

22. Most hits (Home team, Away team, Tie), Total hits (Over/Under), Team total hits (Over/Under): The rule of 8½ innings (8 ½ innings rule) will apply. If, however, the total has already gone Over then it will be settled as a winning bet, while bet on the Under deemed as a losing bet.

23. 4½ innings - Totals: Bets will be settled by the combined total score of both teams in the middle of the 5<sup>th</sup> innings (break between top and bottom inning). Unless the score of the match has already reached more than the specified total. In such cases, over bets will be determined as winners, while under bets will be determined as losers.

24. 4½ innings - Handicap: Bets will be settled by the score in the middle of the 5<sup>th</sup> inning (break between top and bottom inning). Unless the team that bats at the top of the 5<sup>th</sup> inning is already ahead at the end of 4<sup>th</sup> inning (with any run line applied). In that case, the team batting first will be declared the winner.

25. 3/5/7 Innings Totals - Bets will be settled based on the score after 3/5/7 full innings, unless the Total quoted has already gone over the specified number. In such cases all bets will be settled as follows, over bets on quoted total will be settled as "winners", with under bets on quoted Total being settled as "losers".

26. 3/5/7 Innings Line - Bets will be settled on the result after the first 3/5/7 innings of a game have been completed, unless the team batting second is already ahead (with any run line applied) at the middle of the relevant inning, or scores to go ahead (with any run line applied) in that inning, in which case the team batting second will be settled as the winner.

20.1.7. *Advanced propositions including player props*

27. Where Mercy Rule is applied, all bets will stand on score at the time.

28. Listed pitchers must start for bet to have action. Extra innings count unless specified otherwise.

29. All 1st Innings Props - 1st inning must be completed for bets to have action, unless settlement of bets is already determined.

30. Double result: result after 4½ innings, in addition to the result of the entire game.

31. Odd/Even Match total runs: if the combined final game result is zero (score 0), bets will be void.

32. Period with the highest score: the rule of 8½ innings.

33. Odd/Even Team total runs: if the combined final game result is zero (score 0), bets will be void. Extra innings (Overtime) included.

34. Winning margin: subject to the rule of 8½ innings. The determination includes extra innings in the MLB. In the case of non-MLB matches, if the game can end in a draw, that option will be available. If an MLB game ends in a tie when cancelled / suspended, bets will be void.

35. Leader after X innings (Home team, Away team, Tie): The team leading after the specified inning will be settled as a winner.

36. First to Score/Race to x Runs - The first team to reach the required number of runs will be settled as the winner. Bets on Neither require the 8½ innings rule to apply to be settled as winners.

37. Team Scoring First Wins Game - 8½ innings rule applies.

38. Last to Score - 8½ innings rule applies.

39. Team with Highest scoring Inning - Team with the highest score: the result will be determined based on the highest score of half game inning. If both teams had the same high score, the 'Draw' option will be considered a winner (even if one team has achieved this result more frequently than the other). The rule of 8½ innings applies.

40. Extra Innings - Yes / No: will be determined as 'Yes' in case of a tie after 9 innings (or the quoted number of innings in case it was not 9), even if subsequent innings are not made for any reason.

41. When will more runs be scored? The 8½ innings rule will apply.

42. Moment of the first home run: it will be determined based on the first home run in the game. All markets related to the "Without home run" option, will be settled in line with the 8½ innings rule as winning ones.

43. Player - Performance: (Total bases / Total hits / Total strikeouts / Score a home run / Score a base per ball / Score an RBI / Score a run). The rule of 8½ innings will apply, unless the bets have already been determined, either by the player who has reached the specified line in question or has been substituted in the match without obtaining the quoted score.

44. Total Bases are calculated by adding all hits a player makes as per Single = 1 Base, Double = 2, Triple = 3, Home Run = 4. Only these count.

Specifically for MLB Spring Training matches settlement will be based on 9 innings only, in instances when the natural conclusion rule could apply

64. Race to Markets/Team Totals/Total Hits - 8½ innings rule applies unless settlement of bets is already determined, or if the natural conclusion of the game would have meant the outcome of bets would be determined. **30. E-Sports**

**30.1. General Rules**

*30.1.1. Settlement*

All bets will be settled as void, if a match is displayed available for betting incorrectly.

If a player or team is granted a walkover or win by an official representative (admin, organizer of the competition) on a map before its start, all bets will be settled as void.

If a game or map is replayed due to disconnection or technical issues, all bets regarding this market will be settled as void, unless the result has already been determined prior to the issue.

Bets on a player or team to win at least one map are settled as void, if the match starts, but is not completed, unless the result has already been determined prior to the issue.

Where an event involves the same two players or teams playing multiple games or maps, for example "best of 3", and one or more games or maps are not played because the result of the event has already been determined, bets on unplayed games or maps are void and stakes refunded.

If the scheduled number of rounds or maps is changed, or if markets are erroneously offered based on a different number of rounds or maps from the actually scheduled number, then bets on the winning margin (including handicap), total rounds / maps, correct scores etc. are void and stakes refunded. Map winner and matchup winner bets stand.

In the case of indexed or numbered markets (such as the winner of a specific round in Counter Strike: GO, or the team to score a particular numbered kill in League of Legends or DOTA2), the index determines the objective that counts. Words such as "next" in the market name are not guaranteed to be correct, as broadcasts may be delayed and we may not always advance the index precisely when an objective is scored or a round completed. All bets are therefore settled on the particular numbered round or objective specified, regardless of any other wording in the market name or its timing in relation to when the bet was placed.

If any map is not played or is awarded to one player or team by walkover or default without play having commenced, all bets on that map and on the matchup as a whole are void and stakes refunded. Bets relating only to maps that are played stand. A map is deemed to have started as soon as the game clock starts or either team or player takes a game action relating to that map, including picks, bans and weapon purchases.

#### 30.1.2. *Abandoned/Postponed Information*

Dates and start times are shown for information purposes only and may not be accurate. Where an event is cancelled, postponed or interrupted and not completed within 48 hours of the originally scheduled start time, bets on that event are void and stakes refunded. However, games or maps that are completed within 48 hours are settled normally even if additional games or maps that were supposed to be part of the same matchup are cancelled or further postponed.

All bets will be settled using the official result declared by the relevant governing body of the competition.

Interrupted or postponed matches, which do take place within a tournament, the bets will stand provided the match is completed before the end of the competition.

#### 30.1.3. *Specific sports rules for League of Legends*

For bets involving towers, all destroyed towers count as having been destroyed by the opposing team even if the last hit was from a minion.

For bets involving inhibitors, all destroyed inhibitors count as having been destroyed by the opposing team even if the last hit was from a minion. For bets involving the number of inhibitors destroyed, each of the six inhibitors counts only once, even if it is destroyed, respawns and is destroyed again. For bets involving the next

inhibitor destroyed, each destruction of an inhibitor counts separately, even where it has respawned and is being destroyed for a second or subsequent time.

For bets involving kills (including "First Blood", which in League of Legends is synonymous with the first kill on the map), the official broadcast or game API if available is definitive in determining whether the death of a Champion counts as a kill. For example, where a Champion is killed by tower or minion damage without the involvement of an enemy Champion this may not be registered as a kill on the broadcast, in which case it does not count as a kill for bet settlement purposes.

For bets involving the next team to score a particular objective or the team to score the most of a particular objective, where a "neither" or "draw" option is offered and is the winning outcome, bets on either team are losers. Where no such selection is offered and neither team is a winner, all bets on the market are void and stakes refunded.

Where one team surrenders, bets stand and are settled as follows. For bets involving the map winner, the winning team is the team that did not surrender. Bets involving dragons, barons and kills are settled based on the situation at the time the surrender takes place. Bets involving towers and inhibitors are settled as if the winning team had destroyed the minimum number of additional towers and / or inhibitors theoretically required to win the game normally from the position when the surrender occurred. For example, if any inhibitor of the losing team is down at the time of surrender then no additional inhibitor is deemed to have been destroyed. If no inhibitor of the losing team is down then the winning team is deemed to have destroyed one additional inhibitor, with priority given to an inhibitor that has already been destroyed if such an inhibitor exists and has respawned. If the winning team has destroyed all tier 1 towers and one tier 2 tower, then it will be deemed to have destroyed three further towers (seven in total), since it would have needed to destroy at least one tier 3 tower and the two nexus towers to have won the game normally from that position.

#### 30.1.4. *Specific sports rules for DOTA2*

For bets involving towers, all destroyed towers count as having been destroyed by the opposing team even if the last hit was from a minion.

For bets involving barracks, all destroyed barracks count as having been destroyed by the opposing team even if the last hit was from a minion. The ranged and melee barracks in each pair count as separate barracks, so that each team has a total of six barracks.

For bets involving kills (other than "First Blood"), the official broadcast or game API if available is definitive in determining whether the death of a Champion counts as a kill. For example, where a Champion is killed by tower or minion damage without the involvement of an enemy Champion this may not be registered as a kill on the broadcast, in which case it does not count as a kill for bet settlement purposes.

For bets on First Blood, the broadcast or official API score must register the kill as First Blood. Where, for example, a kill is denied by a team-mate, it may not be counted as First Blood (regardless of whether it is registered as a kill on the broadcast kill counter), in which case it will not count as First Blood for bet settlement purposes. For the avoidance of doubt, all kill markets other than "First Blood" are settled based on the kill counter, but a kill that is registered on the kill counter will count as First Blood only if is announced as such.

For bets on Roshans, the team that scores the last hit on Roshan as determined by the broadcast or game API if available is deemed to have slain Roshan, regardless of the player who picks up the aegis of the immortal.

For bets involving the next team to score a particular objective or the team to score the most of a particular objective, where a "neither" or "draw" option is offered and is the winning outcome, bets on either team are

losers. Where no such selection is offered and neither team is a winner, all bets on the market are void and stakes refunded.

Where one team surrenders, bets stand and are settled as follows. For bets involving the map winner, the winning team is the team that did not surrender. Bets involving Roshans, barracks and kills are settled based on the situation at the time the surrender takes place. Bets involving towers are settled as if the winning team had destroyed the minimum number of additional towers theoretically required to win the game normally from the position when the surrender occurred. For example, if the winning team has destroyed all tier 1 towers and one tier 2 tower, then it will be deemed to have destroyed three further towers (seven in total), since it would have needed to destroy at least one tier 3 tower and the two ancient towers to have won the game normally from that position.

#### 30.1.5. *Specific sports rules for Counter Strike: GO*

Most map bets are based on the scheduled number of rounds (usually best of 30) excluding extra rounds played in the event of a draw. If, however, a map winner market is offered without a "draw" selection then this is settled in favour of the overall winner of the map including extra time if played.
